Shawn Perrin of the HHSS Redmen hockey team discusses the finer points of officiating Canada's favourite winter pastime with a member of the striped fraternity. Despite the emotional plea of the

debate, the referee did not entertain a reversal of his stand. The Redmen lost 4-3 in the Wednesday evening home game against the LCVI Spartans. For more details see page 10.

Timber licence refused for Harcourt mill

by Jay Kerr-Wilson

The Ministry of Natural Resources will not issue a Crown timber license to Harcourt Lumber.

Minister Bud Black has decided that the timber licenses formerly held by Martin Lumber will be made available by tender to area mills and loggers who wish to submit bids.

Frank Yantha, who purchased Martin's Harcourt operation last year, had asked the ministry to grant the mill the timber licenses to the stands logged by Martin Lumber.

The ministry delayed the decision pending the results of a study carried out on the timber supply in the region. That study found there is a serious shortage of quality saw logs, affecting all mill operations.

On the basis of that study, the ministry has decided not to issue long-term licenses in central Ontario.

Timber licenses sold by tender usually only have a one-year term.

Harcourt Lumber will be able to bid, along with other operations, for the rights to log the Crown lands.

Township not talking to ambulance union

by Jay Kerr-Wilson

Haliburton County Ambulance Service operations are in violation of the Employment Standards Act of Ontario, according to ambulance employees.

According to a statement issued by the local union, Minden council cancelled a meeting between management and union representatives that had been called to deal with the issues.

Union steward Ian Douglas says some ambulance employees are owed vacation pay and statutory holidays from 1990. The union also wants to ensure that part-time ambulance employees are considered

for full-time positions before someone is hired from outside the county.

The township is trying to fill a full-time position at the Minden ambulance base. Two local part-time employees have applied for the job and Douglas says the township has refused to accept their applications even though they meet the requirements to be considered for the job.

Both of the part-time employees are scheduled to write the exam to upgrade their designations, and according to provincial legislation they are allowed to work full-time for up to 150 days before the examination.

"It's quite upsetting," said Douglas. "These people have a long history with

the service and both put in thousands of hours as volunteers before the service became full-time."

A meeting was arranged for last Thursday night between Tim Masson, interim-manager of the ambulance service, and union officials from Toronto to try and settle the employees' grievances. However Masson cancelled the meeting Thursday afternoon after being instructed by council not to discuss any issues with union representatives.

Minden township has managed the county ambulance service since the province amalgamated the Dysart and Minden operations in 1987.

The ambulance employees joined the

Ontario Public Service Employees Union (OPSEU) in June 1989 but attempts to negotiate a first contract failed and the employees have been in a legal strike position since the end of November.

The union is trying to have ambulance employees in Haliburton County declared employees of the Ministry of Health and instead of municipal employees.

The union argues that because the Ministry of Health pays all of the costs incurred by the service, the township should not be at the bargaining table.

Labour Relations Tribunal hearings on the case finished in December but a decision has yet to be reached.

Canadian Forum

This week Stanhope resident Ann Barker, who immigrated to Canada 33 years ago, says Canadian immigration policy should be changed so people moving here will better understand us.

See page 2

Land-fill felines

Although they may appear to be cute and cuddly, those stray cats at local land-fill sites could be carrying rabies and should not be handled.

See page 3

Gulf veteran

Lutterworth resident Glynne Lewis is a retired British Army officer who has experienced the difficulties of combat in the Persian Gulf and understands what the soldiers are going through.

See page 6

Immigrants to Canada should accept our values and culture

This week's contribution to the Canadian Forum is written by Ann Barker. A Stanhope Township resident for many years, Ann has been in community affairs, including serving several terms as a member of the municipal council. She is currently the deputy reeve of Stanhope Township, operates her own catering business and continues to take an active interest in the future of the Highlands and Canada.

by Ann Barker

As a Canadian Immigrant for 33 years and a Canadian Citizen for 30 of those years, it is with great sadness I witness the slow decay of our united country. Each day we hear of traditional Canadian cultures being eliminated or revised simply to accommodate the wishes and desires of a minority population of our immigrants.

It is true that Canada has received with open arms all legally accepted immigrants to the Country and therefore a certain obligation exists for Canada to provide the necessary comforts of life to these people to the best of its ability. These comforts however, should not be permitted to erode the traditional moral and social values of our country and consequently contribute to the destruction of a United Canada.

Canada should revise its immigration policies to include a public education program to all countries from which we receive immigrants. This education program would be a prerequisite to any acceptance of legal immigrant status. Application forms for immigrant status could also reflect questions relating to what Canada has to offer and what an immigrant is expecting upon acceptance into our Country. Canadian rules, regulations, cultures, traditions and values are subsequently known by all prior to acceptance and therefore provide no excuse for ignorance of information in future years. As an immigrant, I feel fortunate and privileged to be accepted into this great country and feel that I have

an obligation to contribute to the continuing traditions of Canada and not request Canada to change these traditions to accommodate any educational, religious or political beliefs which I may have inherited from another origin.

Immigrants should come to Canada for a better life not to replay life from a previous country.

It is very disheartening to see the heritage of our country being sacrificed and torn apart to satisfy a minority population. Canada must retain this heritage and these traditions in an effort to not only maintain but support the unity within this country.

Canada must treat each every province in an equal manner including matters relating to financial, regulatory, mandatory and permissive authoritative activities and powers. It must recognize existing and differing circumstances between provinces without losing sight of a philosophy which believes that we are first and foremost Canadians notwithstanding our roots and origin. Surely in a present day world where we see the fall of the Berlin Wall and the emergence of the recognition of democracy throughout most of the world a solution exists to satisfy equally the legitimate concerns of each and every province in Canada including our native people.

The heritage, traditions and customs in Canada are the ingredients which provide the foundation of unity in Canada.

We trust the Spicer Commission will favourably address these important issues with the information received from all citizens in Canada so that our future generations may be able to hold the same pride in Canada that we have been privileged to enjoy.

Developer proceeding with industrial park for Snowdon township

by Susan Grober

A local developer is pleased with the rate his proposed industrial park in Snowdon Township is moving along.

Brad Bradamore plans to start building this summer on a portion of his 85-acre property located next to the Lochlin landfill site on County Road One.

"We've drilled a well, and did the hydrology test," he told *The Times* last week. "Now we're just waiting for the tests to come back on it."

Along with the hydrology report, Bradamore is waiting for the results of a storm water drainage report for the Ministry of Natural Resources.

Bradamore says he wants to wait until the reports are in before holding a public meeting on the proposal.

The plan requires industrial severances to create nine or 10 lots, at two- to five-acres each. So Bradamore must also present the results of the hydrology report to the county's Land Divisions Committee.

At a Snowdon planning committee meeting last month, Bradamore asked the township to help foot the bill for the hydrology report, saying the township will benefit from an industrial park. But the planning committee will get a legal

opinion before making a decision.

"It's good for the community," says Bradamore. "It's a necessity."

Unlike residential taxes, where a portion goes toward the school board and county, Bradamore notes that 100 per cent of industrial and commercial taxes goes to the municipality.

Also, an industrial park will create more jobs, he says. "It's the backbone of the community."

Bradamore says he's frustrated with Minden council, because an industrial park proposal he has in this municipality is constantly hitting roadblocks.

"I've got my blueprint and site plan for Minden, but they won't give me a meeting," he says.

"When I run for reeve in Anson, Hindon and Minden, we'll put one here. It's obvious that these guys here now can't do it."

Bradamore says every municipality in the county should have its own industrial area. He commends Lutterworth for moving ahead on an industrial park, and Dysart for working on the second phase of its park.

"All these other municipalities are putting them (Minden) to shame," he says. "I'm pleased with Snowdon, and the people out there seem to be supportive."

Stray dump cats are dangerous

by Susan Grober

That seemingly cute and cuddly stray cat you may try to catch when visiting the local dump could be a menace, especially for our municipalities.

Many kind-hearted people will try to coax a stray cat to come home with them. But stray cats bite or scratch about five people each year in Haliburton County, says Chief Public Health Inspector Bob MacNaull. Some of those bites could be harmful, or even deadly.

"Every stray cat that bites has to be considered potentially rabid," says MacNaull. "A stray cat has a potential for exposure to wildlife such as foxes or skunks. We've had problems in the past with rabid cats, not just in Haliburton County, but in other areas of the province."

MacNaull recently wrote to each municipality to clarify the Health Unit's legislated responsibility in dealing with stray cats which bite or scratch a person.

Under the Health Protection and Promotion Act, the dog or cat must be confined and isolated for at least 10 days. Any animal may be destroyed to determine if it's in the infective stage of rabies.

And it's the municipalities which bear the costs. According to the legislation, the cost of a veterinary examination or destruction of the unclaimed animal must be paid for by the municipality where the animal is detained.

The cost of having a stray picked up the by Humane Society or commercial pest control company could be as high as \$150, plus confinement and destruction costs.

MacNaull acknowledges that most by-law enforcement officers who are involved with animal control are usually associated with picking up stray dogs.

"Dogs are a little different than cats," he says. "A wild cat can be quite difficult to handle."

MacNaull suggests it would be cost effective if the municipalities authorize the animal control officer to pick up and deliver any stray cat which has bitten or scratched to an approved site for confinement, examination, or destruction.

Although there are stray cats throughout the county, landfill sites which provide a food source are sometimes abundant with feeding felines.

Another problem is some people would rather dump an unwanted litter of kittens than either finding homes for the creatures, or having them humanely destroyed.

"People do continue to drop cats off at the dumps," says MacNaull.

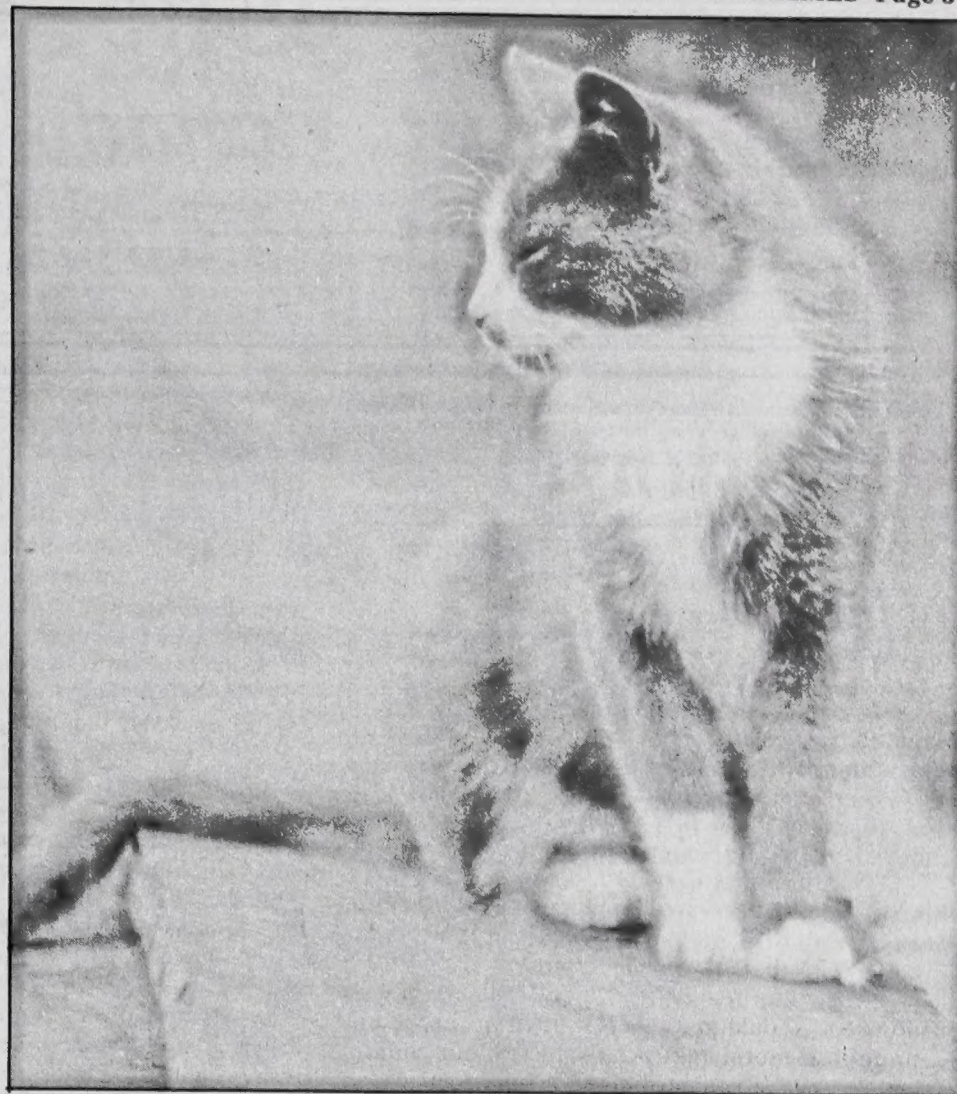

Snowdon's Irondale and Lutterworth's Little Gull landfills are two places particularly crawling with cats.

And Snowdon Clerk-Treasurer Ernie Hills says his council was surprised to hear of the township's liability in the matter. It's a concern that it could become quite costly for a municipality to deal with problems created by stray cats.

In his letter, MacNaull requests direction from each council about its preferred course of action offered by the Health Unit should such an incident occur.

Municipalities have the option for the Health Unit to either:

— contact the municipal clerk to discuss the best course of action for each incident;

Stray cats may be cute to some animal lovers, but on average four or five people each year report bites or scratches from wild felines in Haliburton County. It's the municipalities which are liable for the costs of examining or destroying the unclaimed animals suspected of rabies.

— contact the animal control officer directly to ask that the animal be picked up and confined; or

— contact the clerk of the municipality to advise that the animal will be picked up by another agency and the statement of cost will be forthcoming.

Hills said Snowdon council is leaning toward the first and last options.

If the second option is chosen, the Health Unit will give assistance in making animal control officers aware of precautions to be taken when dealing with animals suspected of having rabies.

Cottager found guilty of slashing car tires

by Susan Grober

A Big Redstone Lake cottager has been found guilty of slashing tires on three vehicles, including one owned by his estranged wife.

Kenneth Kingsley Bott, 55, of Welland, pleaded not guilty to three counts of mischief over \$1,000 before Provincial Court Judge George Inrig last Wednesday in Minden.

Marlene Bott, who was married to the accused more than 29 years, spent last year's Easter long weekend with family and friends at her brother's cottage in Guilford Township.

On the Saturday morning, April 14, the group planned to drive to Haliburton Village.

But outside the cottage, two tires were found flat on each of three vehicles: her brother Clarence Oliver's truck, her sister Linda Valdez's car, and a company van driven by her friend, Kenneth George.

A note tucked under the car's windshield wiper said "Have a nice day — Rhino."

Mrs. Bott testified that the note was in her husband's printing. She also said it was written on a business card from a steel fabricating firm her husband worked for in the past.

The name Rhino was a nickname of Mr. Bott's many years ago, "ever since he was a teenager," said Mrs. Bott.

The day before the incident occurred, Mrs. Bott said she saw her husband and his girlfriend at a cottage three lots over.

This cottage is mutually owned by the Botts, and is part of an "extremely bitter" settlement dispute between the couple, Mrs. Bott said.

Mrs. Bott said she's made many court appearances over the divorce settlement, and that Bott threatened her to drop the tire slashing charges.

"I was being blackmailed to drop these charges to keep my home, which houses myself, two grandchildren, and a single daughter," she said.

Mr. Bott's girlfriend, Darlene Znak, testified that she and her boyfriend drove to Guilford on the Thursday to spend Easter weekend at his cottage.

But Znak said the couple left on the evening of Good Friday because she felt uneasy after discovering Mrs. Bott was at the nearby cottage. "It just ruined the whole weekend," she said.

After leaving the cottage, the couple found that all the service stations were closed because of the holiday. They were left stranded in Haliburton Village after their car ran out of gas.

Znak said they eventually called the police for assistance, and were driven to the PineStone Inn to spend the night.

The Saturday morning, Mr. Bott took a cab to pick up the car and returned 15

minutes later, she said. After having breakfast together, they left for Welland.

Znak said Mr. Bott hardly left her sight, and she didn't think he could have slashed the tires.

The investigating officer, OPP Constable Barry Connelly, testified that the tires were punctured on the sides with an instrument similar to an ice-pick.

The left tires were flat on both the car and the truck, and both front tires were flat on the van, said Connelly. "The tires were slashed on sides away from the cottage so it couldn't be seen from (Oliver's) cottage, in my opinion."

All the damaged tires had to be replaced: Oliver's at \$180, Valdez's at \$140, and George's at \$360.

Oliver testified that he worked as a draftsman from 1971 to 1974 at the same steel company where his former brother-in-law was chief draftsman.

After examining the note on the business card, Oliver said he recognized Mr. Bott's handwriting. "That's his printing, (but) it's been altered a bit. As a draftsman, I can tell that. It's sloped forward — his is (usually) straight up and down."

The matter went over to April 10 for a pre-sentence report and sentencing.

Construction figures decline

Anson, Hindon and Minden has experienced a marked drop in construction during 1990. According to a report prepared by the municipality's chief building officer Tom Hubercheck, the value of construction started last year was \$6,495,000. This is a 37% decrease compared with the \$10,230,000 in construction in 1989 and \$11,352,000 in 1988.

Interestingly, while the

value of the building permits has decreased sharply in the past year, the number of permits issued has dipped less severely. In 1988 253 permits were issued, compared to 237 in 1989 and 227 in 1990.

Construction in the residential sector showed the greatest decrease in 1990 at 46.8%. Seasonal construction was off 30%, garages down 23.4% while commer-

cial construction registered a fractional loss of 2.68% over the previous year. All percentages are based on the dollar value of the construction.

In his report to the council, Hubercheck suggested the drop in residential construction could be related to the decrease in the number of building lots available, as well as the economic trend.

Threats

It is becoming increasingly apparent that residents of Haliburton County will not have to face market value reassessment this year.

Several municipal councils have already expressed a desire to delay the proposal to allow more time to study its effect on property taxes.

The lobby against market value reassessment is being led by waterfront property owners who are worried the proposal will result in a sharp increase in their taxes.

Some lake associations have backed up their concerns with threats of working to defeat any councillor favouring the reassessment during this November's elections.

Municipal councillors, including Minden Reeve Ray Moore, have responded to these threats by calling them unnecessary and unfair to the local politicians.

But in any democratic system voters should have every right to express their opinions and mark their ballots according to their judged performance of the politicians.

By announcing their intention not to vote for politicians who pursue unpopular policies, residents are exercising a basic right.

One of the strengths of municipal government is the level of public involvement it affords and the ability of residents to voice their opinions directly to the elected officials.

It's obvious that Canadians have little influence over federal and provincial governments between elections, but at the local level it's still possible to make yourself heard.

We encourage all residents, whether they be seasonal or permanent, to participate in the decision-making process by letting councils know how they feel on major issues.

It is only through wide-spread public input that councillors can gauge the desires of the electorate. And come November, politicians seeking re-election should expect to be held accountable for their performance.

After all, we elect our local government to represent our interests on an on-going basis, not just at election time.

Bison will be obliterated for sake of Big Brother

I'd be astounded if this planet is still going fifty years from now. I don't think we will reach 2000. It would be miraculous.

The great British-cum-American journalist Alistair Cooke made the forgoing prophecy away back during the darkest days of World War II. He was, it appears, unduly pessimistic. The millennium is just nine years off and we're still here. (So's Alistair, come to that). But we owe our survival more to good luck than good management. We still treat the earth as a combination candy store/garbage dump. Every so often a government flack comes to the parapet wall to announce glorious new plans to save the environ-

Black 'n White

by Arthur Black

ment, but if you look around it's still business as usual.

In some jurisdictions the government doesn't even pretend to mean well. In Karnataka, a state in southern India, a project to study the dwindling population of Royal Bengal tigers has been abruptly canceled by the Minister of Forests.

"If nature wants tigers to die out, who are we to save them?" snapped the Minister in an interview. "Have you ever heard a tiger complain?"

Shades of Ronald Reagan sleepily philosophising "If you've seen one Redwood, you've seen 'em all."

Things are not a lot better in Japan, where last month the Foreign Ministry issued a press release announcing that coastal dolphins were suffering from "massive depression". How did they arrive at that diagnosis? Well, the dolphins were committing suicide, you see. In fact, 600 of them had thrown

All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Minden reeve shows disdain for fellow councillors

Editor:

This week's *Times* gives front page coverage to the issue before the Anson, Hindon and Minden Council on the subject of property re-assessment using 1988 as the base year. This is clearly a matter that requires thoughtful consideration by local council before it goes to

County Council for its decision.

My concern is not with how the municipal council votes on the subject--there are good arguments on both sides--but I am dismayed that Reeve Moore implies that the decision taken by municipal council is irrelevant as far as he is concerned. He is quoted as

saying he will not be bound by council's decision when he votes at the county level.

I know that the Prime Minister demonstrates considerable disdain for parliament and its elected members but had no idea that the disease had spread to the municipal level.

Are the other councillors prepared to accept, without public protest, that their deliberations and votes are without meaning and purpose? More to the point, are voters willing to accept this version of the political process?

**George Lacy,
Minden.**

Hateful letters on French language pass the bounds of good taste

Editor:

I am writing to express my disapproval of your decision to print the latest Stickland letters (January 7 and 21).

Of course, I realize that it is difficult to reject readers' letters, even when they appear to be somewhat irrelevant, incoherent or of dubious interest to the readership at large; and it is obvious that *The Times* strives to be as permissive as possible in this regard. But in the

Stickland case, these letters have passed the bounds of good taste. I find the last two to be offensive, hateful and unnecessarily provocative towards French Canadians. They lend a most unpleasant flavour to your newspaper.

The time has come to return letters of the Stickland genre with a blunt statement of the reasons for your rejection.

**Peter Hynard,
Minden.**

Fight for peace a futile effort

Editor:

As the US shoots down yet another Iraqi plane, the click. Saddam is nowhere to be found. There are reports that ... click. Another 28 people were killed today when a US missile hit Baghdad click. Four Allied planes are missing and all aboard are presumed dead click. Another 10 Scuds hit Tel Aviv today. It is not known whether there were chemicals or ... click.

Yes, I am crying. I am crying because of the men, women and children killed on both sides. Yes, I'm crying. I am crying because it is futile to use violence to fight violence and to fight for "peace".

Yes, I'm crying. War is a failure of the politicians to make a deal--to save lives. Yes, I am crying. I am crying because my heart is broken.

And you stand there and tell me I am weak? I am weak for not wanting people to die? Am I weak because I want to live in peace because I think war is not the answer? Do you believe that? Do you think it is proper to kill thousands of

people because you can't stop one? Do you think that I am weak because I don't think it is fair that you are fighting against Iraq, presumably fighting for Kuwait, when the Soviet Union is committing worse things against Latvia. Am I weak to you? I really want to know because you are weak to me.

Lynn Bussey

Voters right to threaten politicians

Editor:

Reeve Moore's erudite letter seems to indicate that he, like our Prime Minister, rules by divine right.

Our voters have every right to "threaten" us with loss of votes if we do not represent their rights.

**Bill Valentine,
Lutterworth.**

photo Susan Grober

It's little wonder the dolphins are depressed

(from page 4)

themselves ashore just a week earlier.

What's that? All those Japanese fishing boats out there? Oh, no -- they weren't trying to drive the dolphins ashore to protect their fishing grounds, they were trying to "save" the dolphins and lead them out to sea.

Uh huh.

Unfortunately, Japan does not have a lot of credibility in offshore environmental circles. These are the same folks who use drift nets and factory ships to strip mine the oceans of everything that floats. Last month the Japanese whaling fleet set sail for the Antarctic over the protests of the International Whaling Commission.

Anti-whaling countries -- which is to say most

of the world -- fear that whale stocks cannot sustain further slaughter. The Japanese tut tut and pooh pooh as they sharpen their harpoons. In any case, say the Japanese, they're not "hunting" whales this time, they're merely studying them to establish sex, age and breeding habits.

Mind you, they will have to kill them to do that.

And a clause in the international whaling agreement makes it permissible to eat whale meat, once the "scientific observations" have been concluded.

And whale meat is now selling in Tokyo restaurants for more than \$200 a pound.

All told, the Japanese plan to "study" 300 minke whales.

Yep, when it comes to sheer perversity, the old two-legged hairless Homo Sapiens is hard to top.

Not that you have to be Asian or Oriental to

participate. Last I heard, our own beloved federal government still has plans to slaughter 3500 bison in Wood Buffalo National Park.

Official reason for slaughter: some of the animals have tuberculosis and brucellosis and we wouldn't want those diseases to spread to domestic cattle.

Actual reason for slaughter: Under the terms of the Canada/U.S. Free Trade agreement, Canadian livestock must be certified brucellosis-free.

Which they are -- and will remain so. Wood Buffalo National Park is far too remote to pose any infection threat to domestic cattle.

But why take a chance, eh? So what if it means obliterating the largest herd of wild bison on the planet?

We wouldn't want to offend Big Brother.

War in Gulf brings back memories

by Jay Kerr-Wilson

Most Canadians following coverage of the war in the Persian Gulf can only imagine what life is like for the civilians and soldiers affected by the conflict.

For one Lutterworth resident though, news reports from the Middle East bring back a flood of memories from his own military service in the region.

Major Glynn Lewis (retired) served with the British Army following the end of the Second World War, including two tours of duty in Oman (then known as Muscat and Oman), a nation bordering Saudi Arabia on the Persian Gulf.

Lewis was one of the British officers attached to the sultan's forces from 1959 to 1961 trying to suppress a rebellion and with his combat experiences in the dry desert heat of the Arabian Peninsula, Lewis can appreciate the conditions faced by troops currently in the Gulf.

At times the heat, which reached 130 degrees in the shade, forced soldiers to wear gloves while driving because the steering wheels were exposed to the sun. Lewis says there were cases where men lost the skin from their hands after grabbing rifles that had been sitting in the open.

The American forces in the gulf have erected "cooling sheds" to provide soldiers some relief from the heat, but Lewis says escaping the desert sun for a brief while can only make things worse.

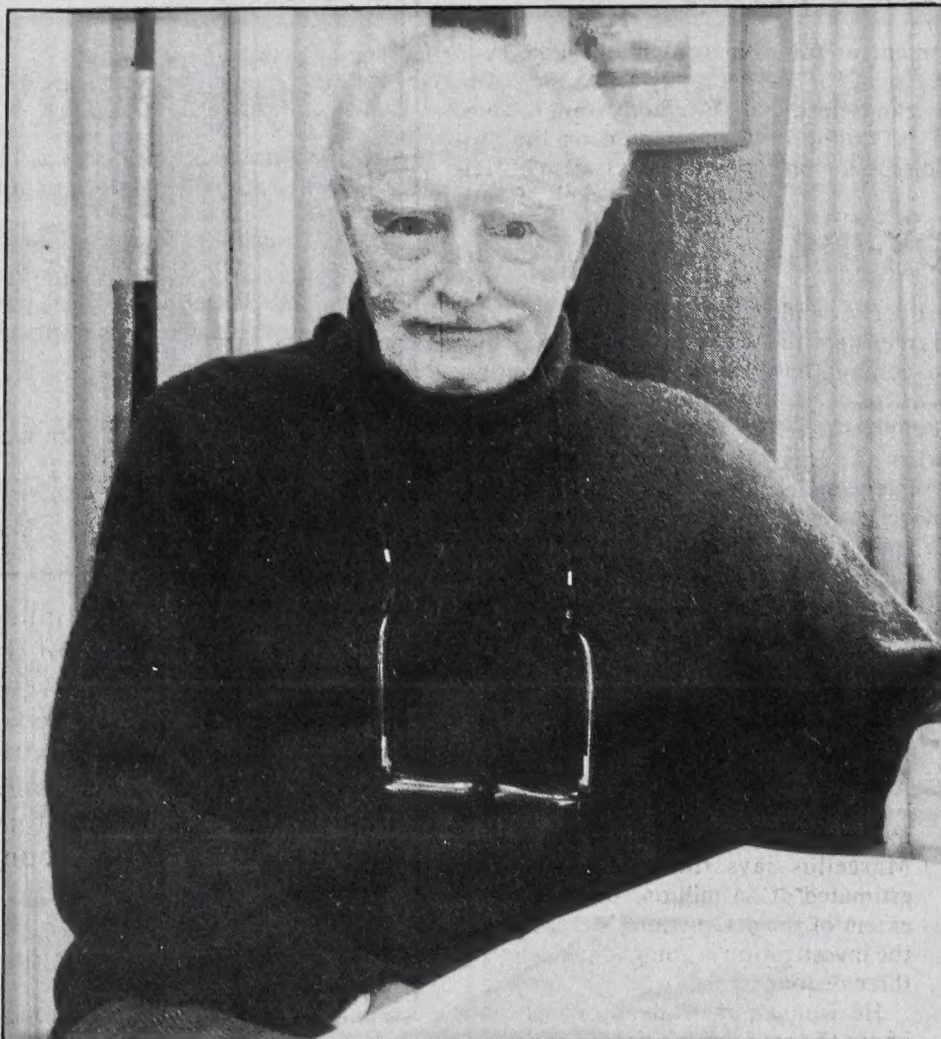

"They shouldn't try and cool off," he said. "When you go back out into the heat, it's like a blow to the face. It's not going to make them extremely effective in combat."

The human body is equipped with a natural air conditioning system; as perspiration evaporates, it cools the surface of the skin.

Operating in the desert, Lewis said the most valuable lesson he learned was not to constantly wipe his brow. "It's hot as hell and you perspire like the devil, but if you don't mop your brow, periodically a desert wind will dry you off," he said.

Lewis' duties included visiting the various military posts in Oman to keep abreast of their situation and update the army commanders.

He was also involved in military operations against rebel strongholds in

Lutterworth resident Glynn Lewis, a retired British Army major, has some special insight into the war in the Persian Gulf. He served in Oman during the early 1960s while the county was in the midst of rebellion.

the mountains. "We carried a fair amount of weaponry," he said. "Our job was to try and contain the rebels and cause them to surrender."

Army personnel travelling in the country were subject to ambush attacks by rebel forces who would tail army vehicles and open fire on the occupants. "You either had to take along weapons and return fire or drive like the devil," said Lewis.

While appreciating the situation of ground troops in the area, Lewis can also relate to the duties carried out by Canadian sailors in the Persian Gulf. On one assignment, Lewis was put in charge of a dhow (an arabian coastal boat) and a

platoon of soldiers to patrol the Gulf looking for pirates and gun-runners.

The patrol included stopping and searching vessels in the Gulf, much like the duties carried out by the two Canadian destroyers prior to the recent outbreak of hostilities.

Lewis military career spanned three decades during which he served in three different armies; Canadian, Indian and British.

After serving with the Canadian Army stationed in England during the Second World War, Lewis served with the Indian Army until 1947 when the British govern-

ment granted India its independence. When the British left India, Lewis began serving as a commissioned officer in the British Army.

Because of his interest in being assigned to "active" posts, Lewis saw action in hot spots in Africa and the Middle East.

Besides his role in fighting rebels in Oman, Lewis also served in Cyprus as part of the British forces trying to keep the peace between rival Greek and Turkish interests, and was in Kenya during the period of the Mau Mau terrorist uprising in the early 1950s.

Based on his military experience, and his knowledge of the Arab culture, Lewis is critical of the "surgical" approach the American-led forces have taken in the war against Iraq.

"The Americans are being too soft," he says. "(The Iraqis) don't give a damn if they're killed. It's a bit like madness, they think their religion is the only religion and they look on the Arabian Peninsula as their province."

By concentrating only on military targets, Lewis says the coalition forces will prolong the war giving Iraqi President Saddam Hussein time to increase his stature among the Arab population.

"I do hope the Americans do something quickly," he said. "If they hang on too long, they will lose face and lose support among the Arabs. Saddam is trying to get the whole lot behind him."

"My sense is the war has to be quick and bloody."

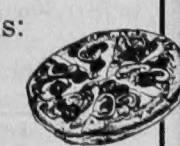

And in order to ensure that Iraq's military aggression is suppressed, Lewis says the coalition forces can't afford to stop hostilities once Kuwait is retaken.

Realizing his opinion might seem harsh, especially to those who oppose the war, Lewis says there is no option in dealing with someone like Saddam.

"They don't understand what we're up against," said Lewis. "The Iraqis think that if they're killed they're going to go to Paradise. They can't be appealed to."

And once the war is over, Lewis believes the United Nations will have to maintain a peace-keeping force in the region. With Iraq left powerless, it's possible that governments in Syria or Iran could try and take advantage of the situation to assume the role as the Gulf's major power.

Lutterworth council supports delay of tax reassessment in favour of more study

by Susan Grober

Lutterworth Township Council wants further study on the proposed county-

wide reassessment at full market value.

The matter came up at last Tuesday's council meeting. But discussion on

this contentious subject was decidedly brief.

"Anybody want to voice their opinion on the proposed reassessment of Haliburton?" asked Reeve Puffer.

"No," said Councillor Bill Valentine.

"I think we've all said enough," said Councillor Lisa Mercer. "Put out the motion."

Council voted unanimously on the motion to defer a decision until further study is conducted on the proposal.

Sentenced for break-ins

A 19-year-old local man has been sentenced to 60 days in jail and put on two years probation for 26 counts of break, enter and theft.

Carl Van Andrus faced a total of 49 charges for break, enter and theft, possession

of stolen property, and breaking and entering with the intent to commit an offence.

Some of the charges were withdrawn when Andrus appeared for sentencing in Lindsay Provincial court on January 22.

Harcourt timber licenses will be sold by tender

(from page 1)

The issue of Crown timber licences held by Martin Lumber in the Harcourt area has been controversial. Last summer, the decision by Liberal Minister of Natural Resources Lyn McLeod not to grant the licenses to a prospective buyer of the Martin operation, killed the purchase deal.

All Martin operations were put up for sale after the company ran into financial difficulties two years ago.

Yantha purchased the Harcourt mill late last year, but on the first day of operations, Jan. 7, a massive fire broke

out destroying the main building.

The Fire Marshal's Office is looking into the blaze and investigator David Marcellus says the damage is being estimated at \$4 million. Because of the extent of the destruction, Marcellus said the investigation is going to take another three or four weeks.

He would not draw any conclusions about the cause of the fire.

An investigation is required into any fire that causes more than \$400,000 in damage.

Yantha has said he the mill was covered by insurance and he plans to rebuild as soon as weather permits.

Hearts were warm and smiles were glowing at a formal Valentine's Day dinner for residents of Hyland Crest Senior Citizens' Home and their families last Friday evening. Beverley Robson and her son Jack, (above) were among those who enjoyed a delicious dinner of roast beef and all the trimmings topped off with a slice of freshly baked apple pie. The residents were dressed in their best for this special dinner, which many look forward to all year. Warden Carol Puffer and Bern Berry of the county's Hyland Crest committee were in attendance. Rev. John Burgess said the blessing. And entertainment was provided by pianist Bill Glidden and singer Glenda Burk. Valentine's Day decorations were made by both residents and volunteers.

BAHA'I FAITH

"The primary question to be resolved is how the present world, with its entrenched pattern of conflict, can change to a world in which harmony and co-operation will prevail. World order can be founded only on an unshakeable consciousness of the oneness of mankind, a spiritual truth which all the human sciences confirm. Recognition of this truth requires abandonment of prejudice--prejudice of every kind--race, class, colour, creed, nation, sex, degree of material civilization, everything which enables people to consider themselves superior to others."

The Promise of World Peace: A Baha'i Statement on Peace by the Universal House of Justice is available through your local Baha'i community.

Local real estate market due for a recovery

by Jay Kerr-Wilson

By spring the local real estate market should start to climb out of its recent slump.

"It's going to start to pick up," says realtor Wilfred VanLieshout, a

director on the Haliburton and District Real Estate Board.

According to industry statistics for Haliburton County, there was a 22 per cent decrease in the amount of property sold in 1990 as compared to 1989. For just

residential properties, the decrease was 15 per cent.

VanLieshout says the local real estate market suffered the most notable decline during last summer and fall as the economy slowed down.

Real estate prices, which

climbed steadily through 1988 and most of 1989, began to level off in late 1989 until early 1990, then started to drop as the market declined.

Current average prices are about 10 per cent lower than this time last year, says VanLieshout.

While prices and sale figures dropped, the number of properties listed for sale increased. VanLieshout said people who were holding on to two or three properties would have been affected by higher interest rates and found they couldn't afford to maintain their holdings.

With interest rates now at their lowest level in two years, VanLieshout says the residential market will start to turn around as people take advantage of the depressed prices.

However recovery for cottage properties will take longer he says. "A cottage is still a luxury. A home is a necessity but before some-

one buys a cottage they'll consider it more carefully."

Last year's slump was due to a combination of high interest rates and the real estate crash in Toronto.

"When the market in Toronto drops, it nails us," said VanLieshout. "We always feel it first and are the last to recover."

Theives made off with beer, sweatshirts and lighters

The following cases were heard last Wednesday by Judge George Inrig in provincial court in Minden. Chris Meinhardt acted as Crown attorney.

In the courts

Thieves were uncharitable

Thieves who broke into the Minden Brewer's Retail in January showed little charity when they took money from a collection box for spina bida.

The co-accused, Jeffrey Feero and Jason Wolfram, appeared before Judge Inrig for bail hearings, which were remanded to Lindsay court later in the week.

The men are each charged with three counts of break, enter and theft, one count of possession under \$1,000, one count of mischief over \$1,000, and breaches of probation.

Stolen during the January 5 incident were 11 cases of beer, three sweatshirts, five baseball hats, 15 butane lighters, and a small amount of cash from a spina bida collection box.

The mischief charges are for damages to the building caused during the break-in. The total value of items stolen is \$270.80.

Feero was detained after his bail hearing last Thursday, and Wolfram was scheduled to appear on Friday.

Guilty plea in domestic assault

A former Glamorgan resident pleaded guilty to assault causing bodily harm during a domestic incident which occurred three years ago.

Christopher A. Hiltz, 31, was charged with assaulting his common-law wife during a party held at their Glamorgan residence on January 16, 1988.

Court was told there were several people at the party, and Hiltz had been drinking heavily.

After hearing slapping sounds in another room, a friend found the woman lying on the floor with swollen eyes and lips, and a bleeding mouth.

The woman was taken to Ajax for treatment, and Hiltz was arrested that day for the charge, and later released.

Hiltz also pled guilty to failing to appear in court in February of 1988.

Judge Inrig told Hiltz to return for sentencing on April 24, and ordered a pre-sentence report.

The Crown attorney said he is seeking a jail term for the assault charge.

Driver's licence suspended

A 39-year-old local man faces a \$500 fine and a one-year driver's licence suspension after pleading guilty to operating a vehicle after consuming more than the legal limit of alcohol.

On April 24, police spotted William Richard Mueller as he drove at a fast rate of speed, and followed him out onto Airport Road.

After noting that Mueller swerved left of centre on all the curves, police stopped the driver in Guilford Township.

Two breathalyzer tests revealed Mueller had 198 and 189 mg of alcohol in 100 ml of blood. The legal limit is 80 mg.

A police report stated that, despite the high readings, the effects of the alcohol were slight.

Because of this, Judge Inrig struck Mueller's plea of guilty to a related charge of impaired driving.

Young Offender will be sentenced

A Young Offender charged with failing to report to a youth worker will appear in court for sentencing on April 10.

The accused Minden resident, now 18, was ordered to report to a youth worker in Dysart on a monthly basis after being found guilty last March of two counts of breach of probation.

Court was told he failed to attend a May 31 appointment, as well as the next two scheduled appointments, and hasn't been in touch since.

Judge Inrig heeded defence lawyer David Shapiera's request for a pre-sentence report.

Two additional theft charges from last August were withdrawn by the Crown attorney.

Clarification

Last week's feature on Rolan Abraham stated Abraham left Toronto with his new wife, Soo. This was not to say that Abraham also had an old wife. The reference meant he had only recently been married to his first and only wife.

The Minden Rotary Club is holding their annual Snowarama for Easter Seals on Feb. 9 at the arena.

Redmen in the hunt for second place

Two wins in the next three days will all but guarantee the HHSS Redmen a second place finish in this year's hockey season. The local team had a chance Wednesday to improve those odds, but failed to do so when they went down to a 4-3 loss at the hands of the LCVI Spartans.

Wednesday's match was a close contest with both teams equally matched in most areas. With exception of some unnecessary roughness and fighting in the third period, both teams turned in an excellent brand of fast-paced hockey.

The Redmen opened the scoring 54 seconds into the game when Jason Billings connected on a pass from Wyatt Nesbitt and Jaime Dollo. Lindsay evened the

score at 6:18.

Just over a minute into the second frame, Lindsay scored. Jaime Dollo responded 25 seconds later on a pass from Jason Billings and Hunter Obee. The Redmen took the lead at 5:05 when Billings scored his second of the night. The assist went to Phillip Johnston and Wyatt Nesbitt. Lindsay notched another before the second period ended, scoring at 2:41.

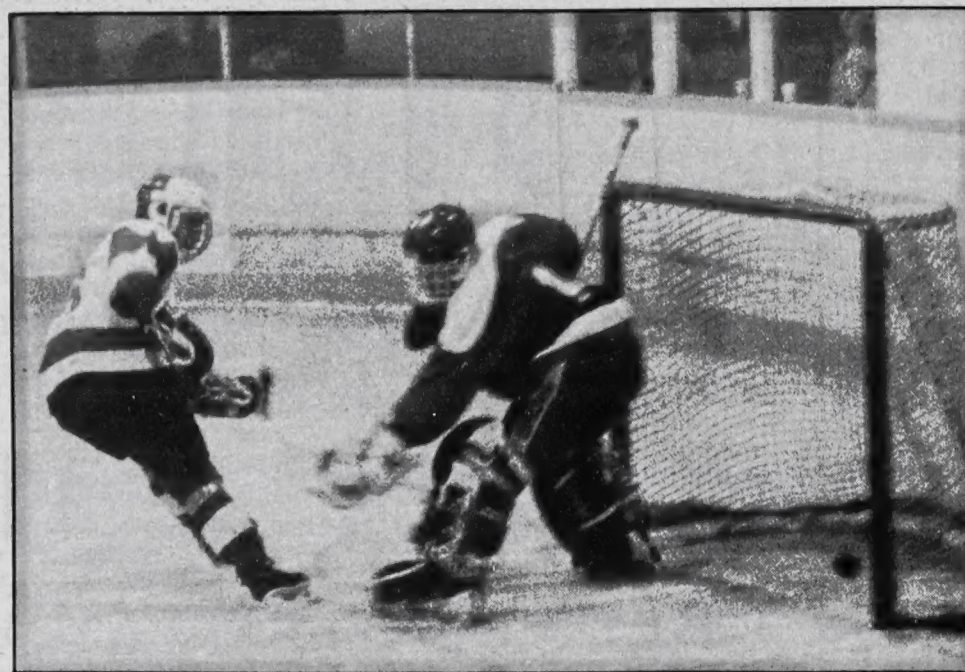

The third period opened with the teams tied 3-3. Lindsay scored the go-ahead goal at 12:04 and despite a strong attack from the Redmen, including an all-out assault that included a sixth skater in place of the goalie, the home team was unable to break the Spartan lead.

The final score, LCVI - 4, HHSS - 3.

The Redmen have two away games to round out the regular season. If the team wins against I.E. Weldon (last Friday afternoon) and Port Hope on Wednesday, second place will be theirs. There are no more home games in the regular schedule. The playoffs start February 11.

LATE NOTE

The Redmen tied 5-5 in their Friday game against I.E. Weldon. This creates some uncertainty as to where they may finish the season. Second, third or fourth spots are all possibilities depending on the outcome of Wednesday's game and how other teams fair in their final matches.

A Redmen forward swoops by the Spartan goalie in the third period of Wednesday's game and leaves a calling card behind. Unfortunately the puck found the post instead of the twine and bounced clear of the net, spoiling a determined effort to tie the score. The Spartans managed to hold the Redmen at bay, winning 4-3.

Kings win in overtime

by W. Danilko

On January 19, our first Novice Tournament, "Minden Kings" took place in Woodville. Our boys were up early to start their first game at 10 a.m. against Oakwood. Their spirits were high and they were eager to get on the ice.

The first period, shot on net was Rick Kinsmen, unassisted.

Second period, Jonathon Horsely, unassisted, and again Jonathon Horsely, unassisted.

Third period, Philip Neville, unassisted, Philip Neville, assisted by Ashely Pettes.

Score, 5-2. Good playing boys.

Our next game was against Manvers. Both teams really worked hard and put their skating facilities in power. They needed this game to go on for the championship.

First, second and third period was 0-0. They had a five minute overtime. The boys worked hard, score was still 0-0. The crowd of both teams were going crazy. They wanted to win, we wanted to win. Now it was a shoot-out. Jonathon Horsely scored, the other Manvers team scored, it was an even tie. We needed another one to make it count. It went down to seven player in both teams. To win, it was Matthew Hynard of Minden Kings

that gave us our thrill of happiness. Score, 1-0.

Good work for both teams. Minden Kings worked their tails off to win this game. Excellent playing boys.

That brought us to play for the championship. Minden Kings vs. Beaverton II.

Minden Kings knew they had to work their very best.

First score on net was Ashely Pettes, assisted by Ryan Lyddiatt.

Second period, Beaverton II scored. now it was a 1-1 tie.

Third period still 1-1 tie. We went into overtime, Beaverton II scored. Game over, 2-1.

(more on page 11)

Novices lose two to Ops

The Minden Tri-County Novice "A" team had two games in the past few days against a strong from Ops. The two teams have been fairly competitive with close games and on Saturday, January 26, Minden hosted Ops.

Despite a good try, Minden lost 3-1 to Ops with Paul Daniels getting the

lone goal with assists from Dan Nielsen and Josh Shaw. As usual, the defence of Richard Brohm, Jason Scott, Trevor Woods and Trevor Cole tried their hardest to help out their goalie, Shane Walker, and the forward line of Michael Hamilton, Colin McKenzie and Greg Kerr tried to get the puck past the Ops goalie

by digging their hardest.

On Wednesday, January 30 the team travelled to Ops only to be disappointed again with a 5-1 loss. The score certainly doesn't show how hard goalie Shane Walker worked to keep our boys in the game fending off shots and players. The only goals was scored by Paul Daniels.

Tri-County Pee Wees pound Beaverton with flurry of goals

by Bill Redgrave

The Minden Tri-County Pee Wees fresh from their tournament victory Sunday, pounded on Beaverton early Tuesday evening, January 22 and scored with only 14 seconds gone in the first period. The first period ended 3-0 for Minden. Arron Belton scored two goals and Andrew Crego one in the first, with Marty Dettman picking up two assists and Todd Redgrave with one.

Minden made it 4-0 in the second period on a goal by Marty Dettman assisted by Benji Crego and Chris Fitzell.

Minden blasted Beaverton with four more early third period goals before Beaverton scored two back to back of their own.

In the final minute of the game Minden scored three more goals to end the game. Third period goals went to

Arron Belton, Chris Fitzell, Travis Willison and Bobbi Griffin. Todd Redgrave netted three more goals in the third for his hat trick in one period. Assists in the third period went to Andrew Crego with two, Bobbi Griffin, Marty Dettman, Paul Murray and Todd Redgrave with two.

Minden travelled back to Beaverton Thursday evening, January 24 for their final regular season game.

The first period was a see-saw affair which saw Minden take the lead at 9:25 on a goal by Todd Redgrave assisted by Travis Willison and Benji Crego. Beaverton tied it at 7:09 and Minden went ahead on a Marty Dettman goal assisted by Andrew Crego and Todd Redgrave at 4:46.

Beaverton tied it again with 3:13 left in the first period to end the first period 2-2. Minden came out strong in the second period and

Todd Redgrave scored at the nine minute mark assisted by Marty Dettman.

Marty scored two more goals for his hat trick with assists going to Arron Belton and Todd Redgrave.

The second period ended 5-2 for Minden.

In what was already a chippy affair, all hell broke loose in the third and Minden had nine penalties in the third alone and had two men short for almost the entire third period. Beaverton scored three goals in the third to tie the game 5-5. Minden had 38 minutes in penalties to Beaverton's 4. Minden was given additional game and gross misconduct penalties.

On Saturday, January 26, Minden Tri-County Pee Wees played in Bobcaygeon's tournament. Since it was a 12 team tournament, the points indicated who would advance.

Minden's first game was against Oakwood. Todd Redgrave scored his hat trick in a four to zip victory for Minden.

Travis Willison scored one and Marty Dettman

assisted.

Terry King was great in goal and also besides getting his shut-out, earned an assist on one of Todd Redgrave's

goals.

The second game saw Minden drop a 5-2 decision to Peterborough. Marty Dettman and Todd Red-

grave had a goal and an assist each in this game. Benji Crego won the M.V.P. award in this game for Minden.

Minden Snowarama set to go

Over 50 snowmobilers will be hitting the trails for the 18th annual Minden Snowarama fundraiser for the Easter Seal Society. The event is sponsored by the Minden Rotary Club and will be held on February 9.

Snowarama is The Easter Seal Society's single largest special fundraising event in Ontario. It consists of individual one-day snowmobile rides in different communities across Ontario where participants raise funds by securing pledges or donations for snowmobiling 100 kms.

Most of the 50 snowmobilers are members of the Haliburton County Snowmobile Association and they hope to match the \$4,500 raised in the last few years. "We realize that many of us are facing tough economic times and for that reason we hope to at least

match the monies raised over the last couple of years," said Dorian Malloy, co-ordinator of the Minden Snowarama.

Malloy also said that "local businesses are significant contributors who have made Snowarama a great success in the past 18 years." This year Sid Stamp Fuels will be providing gasoline for all the snowmobiles and Kountry Double D Catering will provide lunch for the participants in support of their efforts.

Last year, snowmobile riders across Ontario raised \$440,000 through 29 independent Snowarama events that were co-ordinated by local Ontario Snowmobile clubs and community service organizations. This year The Easter Seal Society hopes to reach their goal of \$550,000.

Funds raised through Snowarama will be distributed by the participating service clubs who administer them to local families in need. Snowarama also funds The Easter Seal Society's province-wide camping, nursing and other community service programs.

"Funds raised through the efforts of snowmobilers are very much appreciated," said Peter Ely, Executive Director of The Easter Seal Society. "It is encouraging to see the overwhelming number of people who support physically disabled children and young adults through The Easter Seal Society."

Snowmobilers will run on the well-groomed HCSA trails beginning and ending at the Minden Community Centre.

Novice Kings were runner-up finalists in Woodville tourney

(from page 10)

Still it was an excellent game for our boys to be playing against the best.

Defencing was outstanding in all of our games. All of our 12 players were present. In honour of their parents, we are very proud of our young boys, and I'd like to mention their names.

Goalie - Cameron Neville; Forwards - Ashely Pettes,

Rich Kinsmen, Adam Goard, Philip Neville, Jonathon Horsely, Mark Sisson, Brian Doyle; Defence - Curtis Danilko, Brandon Bonner, Matthew Hynard, Ryan Lyddiatt.

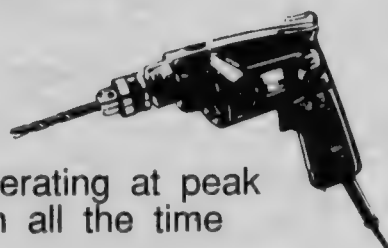

Runner-up finalist, Minden Kings.

It was a long, hard working day for these boys. Congratulations Minden Kings.

An Important Message to Employers and Parents

New labour law now entitles mothers and fathers of new-born and newly adopted children to **parental leave**. This leave can be up to 18 weeks long. To qualify, employees must have been with the same employer for at least 13 weeks.

Parental leave can be taken in addition to 17 weeks **pregnancy leave**. The qualifying employment period for pregnancy leave has been reduced and is now 13 weeks before the expected birth date.

While the employer is not required to pay the employee during parental or pregnancy leave, the new law requires that the employee's seniority and certain benefits continue during these leaves. The employee has the right to return to his or her job and to be paid at least the same wage as was earned before leave began.

Details of **unemployment insurance benefits** can be obtained from the nearest **Canada Employment Centre**.

For further details of parental or pregnancy leave, see the **Blue Pages** of your telephone book and call the nearest Employment Standards Office, listed under Ontario Ministry of Labour, or call (toll-free): 1-800-387-2648.

We need the truth about war

A great Canadian treasure of wisdom and learning died last week. Looking at the grand scheme of things, the death of Northrop Frye and the Canadian government's back room decision to increase the numbers and the nature of our military commitment in the Gulf War to be a parable on a national scale about the state of our country's soul. Something had died, inside all of us. We are not sure what, but there is deep grief and anger there, no matter which "side" you are on.

"The first casualty of war is truth", someone said. Frye put it this way: "Censorship is to criticism what lynching is to justice". Like so many of you, I hear what passes for news about the war on television and the radio and the papers. I see the fat arrogance of General Schwarzkopf explaining that body counts are unimportant distractions. I hear the words of young men and women describing the actions of carrying out their government's insane policies and "a job to do". I do not blame them. I lay the blame squarely on the military mindset and institution that have convinced them to think that way. And I have had enough.

It is time to cut through the Holy War rhetoric of Saddam Hussein and George Bush and hear, uncensored for the first time, the shattering of bones,

Directions

by Edward Moll

the tearing of flesh, the screams of pain. It is time to see for the first time past the video arcades of high technology, the poor in this country, and around the world betrayed again by budgets that pay the wages of death, not life. It is time to smell for the first time the blood washing away the line drawn in the sand, the sweat of fear on a refugee, the oil on a drowned bird. As long as we are not duped by what the military and government's censors would have us hear and see, they will never hand the truth of war's obscenity from the tree of "classified information".

Northrop Frye also had a comment about truth. The Greek word for truth, he said, is "Aletheia". It is formed from two parts: "A", a prefix meaning "not"; and "Letheia", meaning forgetfulness. Truth, then, is not forgetting. Truth is found in remembering.

So it is exceedingly fitting that a gathering should have taken place at the Minden Cenotaph to remember the things that make for peace and not war. Lest we forget.

Around the County Town

by Jean Sears (call 286-1538)

Legion Euchre January 17

Most lone hands, ladies - Verna McDonald, men - Tod Edgson, high man - Ray Brown, lady - Sharon Brown. Others, lady - Martha Mansfield, man - Roy McDonald. Draws - Vi Edgson, Jeanne Sears, Bea James and Roy McDonald.

Legion Euchre January 24

Most lone hands, ladies - Vi Edson, men - Norm Lee, high man - Adam Storc, lady - Coleen Burns. Others, lady - Ruth Menart, man - Horry Baker. Draws - Lorna Bridgman, Majorie Coulter, Bill Kleinschmidt and Willard Bridgman.

Club 35 Euchre January 28

50-50 Draw - Garth Windsor, most lone hands - Helen Windsor, high lady - Loretta Lamb, high man - Harold Culley. Others - Olive Jones, Bill Kleinschmidt and Harry Randall.

Norm and Wilma Gemmell recently returned from a trip to Vancouver and Vancouver Island visiting friends. While on the island, the met up with John and Muriel Yates (from Denna Lake) who now have a B & B on the The Island.

Birthdays at Hyland Crest for February include Ruby Lewis, February 11 and Marjorie Shuyler also

Horticultural dinner will be on Tuesday

Minden and District Horticultural Society will start the 1991 year on Tuesday February 5 with their annual "Pot Luck" dinner. Minden's Horticultural Society is a very active Society and is relatively large in size having a membership of over 200 persons. Being Pot Luck, everyone is welcome to attend.

This year is a special year for the Horticultural Societies in Ontario since it is the 85th anniversary of the forming of the first group in Ontario.

Minden and District Horticultural Society was established in 1977. This is the 14th anniversary year for them.

Tuesday's meeting will include the swearing in of the officers for 1991. They are: Directors - Annie Kernohan, Mel Killens, Ron Maddock, Betty Milford, Lloyd Graham, Gwen Cox,

February 11; Stella Stinson, February 17 and Eileen O'Brien also February 17. With good wishes going to these ladies on their Special Day.

Florence Robinson was in Norland one day recently and enjoyed being at the 95th birthday party for Mrs. Pyke.

Harold and Georgina Parkes celebrated their 40th wedding anniversary last weekend. Helping to celebrate were their children Suzanne, Denise and Paul, Karen and Peter, and grandchildren Andrew, Samantha, Kelsey and Lindsey. Belated congrats from this community.

Mervin Gilbert and Jim Butterfield of Toronto drove to St. Petersburg to visit cousins Roy and Reta Bloomfield and arrived on the 28th and the temperature was 80° F.

Some people under the weather include Ron Maddock, Chris Dollo, Mary Currah, Bess Cox and Charlie Welch. Good wishes for a speedy recovery to all.

The County Town Museum Committee is busily working on plans for their summer programme at the Bowron Log Home. If all goes well, another building project will be started this season. The Committee's "wish list" includes a wooden umbrella

Muriel Greene, Irene Fuhr, and Edna Taylor. Treasurer - Marion Ingram, Secretary - Lynn Hancock, 2nd Vice President - Ann McDonald, 1st Vice President - Jean Robson, President - Verne Graham. The past president is Jean Lacey.

The highlight of this years Spring meeting will be the fact that The President of the Ontario Horticultural Societies, Harry Wyma will be the guest speaker and will showing slides.

The annual meeting of the Ontario Society will be held in Sault St. Marie, Ontario, this year. Being the 85th Anniversary, the Sault St. Marie group has promised an outstanding meeting. Buses will be travelling from all over Ontario to the convention being held June 19, 20 and 21. Many of the executive and members of the Minden group will be attending.

stand, a small parlor settee, a salt box and a woven rug for the dining room. If you can help, please call 286-2925.

At the noonhour, January 28, there was a luncheon at St. Paul's Anglican Parish Hall and a special birthday cake for me (it was my day), and then after clear-up euchre games went on with winners being for lone hands - Orval Francis, and others - Betty Hardy, Dorothy McElwain, Verna McDonald and Lorna Bridgman. These euchres go on weekly on Mondays and start at 1:30 p.m. and all are welcome.

Grace and Bud Dart and Bob and Audrey Vick spent a day last week in Peterborough.

Sincere sympathy goes to the families and friends of the late Ian McGuire, Alice Pearson and Jim Ross whose funerals were last week.

Debbie and Mike Davidson of Ottawa spent last weekend with grandmother, Lilian Davidson.

Sunday guests with Dorothy McElwain were Audrey and Bob Vick.

There were euchre games at Lochlin Centre on the evening of January 29 with winners being: for lone hands - Chris Hill and others - Earl Schellenberg, Gladys Reid, Isabelle Saunders and Dorothy Milburn. Next games here are February 12.

Phoned-in was that Minden Agriculture meeting is Tuesday, February 12 at 7:30 p.m. at St. Paul's Parish Hall.

Winter Carnival was going on last weekend, somewhat changed from years ago, with sleigh rides on our snow roads, hockey, car races, and of course, the Curling Bonspiel. I drifted over to the Club Sunday afternoon and enjoyed the final games and of note was that two local teams went against each other. Also so many snow-machines around on the weekends. We hope the lakes are safe and heard some ice fishing has been good.

The public is invited to attend the Public Liaison Committee meeting for the Waste Management Master Plan which will be held

February 11 at 7 p.m. in the County Council Chambers, Newcastle St., Minden.

The winners of the Bi-weekly Wheels to Meals at Minden Royal Canadian Legion January 29, 1991, were: High men - Willard Bridgman and Ken Rowden, Low men - Jack

Weekes, Low woman - Lorna Bridgman.

We would love to have new faces at this luncheon - next Wheels to Meals, February 12, 1991 (a Tuesday). Lunch is served at 1 p.m. by the gracious ladies of the Legion. Euchre is played after lunch until about 3 p.m. Cost is \$5.50 per person. We are looking for some-

one to convene this get-together. It is a great group of people - it is a great volunteer position.

Please call Carol Dewey at Haliburton County Home Support Service at 457-2941 about Meals to Wheels or to book you place at the luncheon.

Thank you for your interest.

Ski column covers cross-country

Early one morning last week, I was gliding swiftly along my favorite trail when I noticed a peculiar imprint embedded in the freshly fallen snow. As I bent down to inspect the sight, a bright object suddenly appeared at the crest of the hill and was charging at me at break-neck speed. It seemingly flew above the snow, expertly pushing its legs out from side to side. Before I could leap out of the way, this thing ran into me, knocking me ten feet in the air. Fortunately, I landed on it. As I gradually regained my bearings, I slowly crept off this thing as I examined the sight before me. This object was made out of outlandishly bright colours that were so shiny they seemed to spring out at me. Amidst these colour were words new to the English language like karhu and kneissel.

I knew I was taking a big chance by staying this long to examine this thing that attacked me. I knew the consequences if this thing were to wake up and see me but I had to stay a little longer - my curiosity was getting the best of me. It had been a long time since I have seen anything but animals and birds. Life can be lonely when you live it in solace as I do in the deep, rugged, snow covered

Trail Mix

by Jenny Rendall, Nordic Trail Association

crevices of our great county. Suddenly, this thing came to life. It was then I learned, after our lengthy discussion, this thing was a skier. Not just a regular skier but a 1991's skier. One that no longer skied in the backwoods for food like they did in my day but for something they call recreation. The skier belonged to a group called the Haliburton Highlands Cross Country Ski Club. I learned that this club regularly meets for fun ski tours and social activities. Here they hone their skills and practice a new and bizarre technique called skating. Never in our Kingdom's history have we heard of this skill or had such a named Club.

This is the tale of how I was introduced to the new 1990's skier and became the emissary of privacy betwixt you and skiing in the Highlands. My column will appear bi-weekly to inform you of the best skiing in the system, upcoming events, news and tales of my journeys around the county.

Nordic Trail Notes:

* The skiing in the High-

lands is absolutely fabulous. We currently have a base of 40 kms and there are 200 kms open and in full operation. The Maintenance crew is working hard to groom and maintain the trails at their optimum best to provide you will great skiing conditions.

* To find out what the skiing conditions are like and where the Pisten-Bully is grooming, contact the Haliburton Highlands Nordic Trails Office at 457-1640. This office is located at Deer Lodge Resort.

* Please remember to support the system by purchasing a pass at ticket outlets around the county. Call the Nordic Trails office for ticket outlets locations. The Haliburton Highlands Nordic Trail Association is a non-profit organization that depends on funds from members and ticket sales to maintain and promote the system.

* Trail patrollers are out on a regular basis through all parts of the trail system.

Skiers without passes will be asked to purchase a \$7 ticket or will be required to leave the trail system immediately. Anyone who wants to earn a little extra cash and be a trail patroller or a ticket seller in their spare time, please call Ray Langdon at 457-1402.

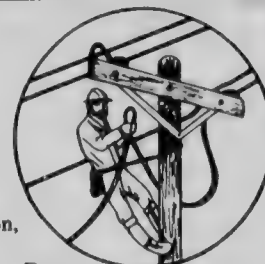

* Lodge to Lodge skiing is underway and to date all have been successful tours. Articles on Lodge to Lodge skiing have appeared in the Globe and Mail newspaper and Cottage Life Magazine. This exposure has generated approximately 800 inquiries on the program and our area. The Lodge to Lodge Ski Program is looking for tour leaders to guide the tours; for further information please contact the Nordic Trails Office.

* On February 16 there will be a Haliburton Winter Carnival Cross Country Ski Tour which will begin on the main street of Haliburton at 11:30 a.m. The tour is 8 or 6 kms in length and there are ten categories. There are great prizes to be won that have been donated by the Haliburton County businesses for this race. Registration is on race day between 11 a.m. and 11:15 a.m. and there is no fee. For further information please call Dr. Bob Heyes at 457-1212.

Government offers little help with dwindling tourism

One of the most important presentations made last year was made by a Chamber Steering Committee to the then, Minister of Tourism, Ken Black.

Tourism according to a recent article in McLeans was down all across Canada with the exceptions of the well known destinations spots of Banff and Whistler/Blackcombs. Tourism in Ontario, although in the Heartland of Canada and sitting astride the easily accessible U.S. market is down significantly overall from last year. Coincidentally Ontario Government monies spent on Tourism are

From the Chamber

by Shawn Hagerman

reported down as well.

Numerous studies have shown that Haliburton County's tourist industry to survive must be marketed as a destination area defined by the last study best as "Accessible Wilderness".

Yet over the years this has suffered because of the Ontario Government had in their bureaucratic wisdom lumped our area with Peterborough, the Kawar-

thas, Oshawa and Whitby under the banner of Central Ontario Travel Association. Originally the Provincial Government assisted the Haliburton Highlands with financial aid. This aid later was channeled into COTA (part of the Ontario Travel Association) and thus to us. After that, this direct financial aid was cut off and our Chamber was required and still pays \$4,000 to belong to COTA. Un-

doubtedly we do receive benefits from this arrangement. I have always questioned what we have in common with the Kawartha's, the Trent System or the Oshawa Car Museum as a destination area.

Over the years and at various times this OTAP program has been arbitrary and hotly debated across Ontario. In 1985 when I was president I attended the Ontario Chamber of Commerce meeting in Sarnia. The debate raged at that time among Chamber's about the effectiveness of the OTAP approach as the report to the Minister suc-

cinctly pointed out there are two flaws with OTAP Central Ontario Travel Plan for us in Haliburton County.

1) The vast geographical area that COTA consists of cannot be readily marketed as a tourist area, there are no real common market characteristics.

2) The organization is not really "Roots" driven because it was created by

Government and partially funded by Government, and finally:

3) The Chambers cost of membership in COTA as a full 6 of our marketing budget yet, COTA's advertising and promotions often compete with rather than compliment our area.

Next week the Committees Recommendations for establishing the "Rural Tourism Foundation".

Reading session features Steeles' tales of romance

Hello folks. Without a doubt, this morning certainly felt like winter.

Thursday was Tea Party again. Our hostesses this week were the Minden Kinettes, who were Marg Prentice, Mabel Deacon, Shirley Howe, Elva Deacon and Carol Martin. They served us with a delicious lunch, and Elva Deacon played the piano. When we finished lunch, Grace Coburn led us in a sing-song with Elva on the piano. We thank the Kinettes ladies and Grace Coburn heartily for a pleasant afternoon.

Marg Prentice came in the evening to call bingo. She had a helper with her, Mabel Deacon. Mabel called the numbers and Marg would check the winner's numbers and kept our scores. We also had a visitor, Carrie Drysdale who played along with us just for the fun of it. Thank you Marg and Mabel, we appreciate your giving us an enjoyable evening.

Friday, January 18 was Happy Hour. Bill Geddis and Doris provided the entertainment playing the violin and piano. The volunteers who were in charge of the Happy Hour were Bonnie Fullan, Mary Guillemain, Carrie Drysdale and Helen Digiacomo. The residents thank the entertainers and volunteers for an enjoyable afternoon.

Saturday afternoon Marion Fisher held reading in the small lounge, she read to us from a Danielle Steele book. Anyone can listen, but we have it especially for the residents who have eye trouble.

Reverend John Burgess

Senior League

by Winnifred Barnum

conducted the Chapel service Sunday evening, and Alice Jones played the organ. Thank you Reverend Burgess and Alice.

Monday we had Bible Study at 1 p.m. with Evelyn Coleman. She told us about Salome who was the wife of Zebedee, and mother of James and John who were disciples of Jesus. She also told us about Pilate's wife, who asked Pilate to have nothing to do with Jesus because of a dream she had had. Thank you Evelyn for helping us to understand what we read.

Monday evening Tom McAllister showed us movies in the auditorium. One was "Ponies of Iceland" and the other was "Canadians Can Dance". We thank Tom for showing us these films.

The Chapel service Tuesday morning was conducted by Father Felix and the residents thank him very much.

Tuesday afternoon, Doris taught a school of memories. We told the class of the memories we have of our school days. Everyone really enjoyed it, we hope to do it again.

Marion Fisher came again Wednesday from 4 p.m. to 5 p.m. to read to us more of our story written by Danielle Steele. It is a good book and we enjoy it immensely. Thank you Marion.

Thursday was Tea Party again. The ladies from the St. Andrews Anglican

Church in West Guilford provided the lovely lunch. The ladies were Erma Sisson, Leslie Chumbley, Valerie Chumbley, Alice Jones, Phrona Sisson and Zelda Cooper. After the delicious tea, Doris Robertson played the piano and we had a sing-song that everyone enjoyed. We sincerely thank the ladies for coming to make Thursday so pleasant.

In the evening Marg Prentice was here to call bingo for us. Again we thank her for coming.

In last week's column it seems I forgot to thank Helen Cox for helping with the Tea Party, I am sorry this happened. I also apologize for omitting Barbara Todd, who sang with Bill Payne and Eldon Deacon.

Friday afternoon was Happy Hour again. Those who entertained us were guitarist and singer Bill Payne, guitarist and singer Eldon Deacon, violinist and singer George Smith, and playing the piano, Doris. Volunteers were Don and Ellen Holden, Mary Guillemain and Bonnie Fullan to manage the Happy Hour. Hyland Crest wishes to thank the entertainers and the volunteers.

At our last residents' council meeting, Jean Taylor donated a bottle of wine for our formal dinner, and Mary Guillemain offered to donate whatever more we needed. The residents thank Jean and Mary very much.

As ecocrisis is resolved, economy must be sustained

Increasingly, people acknowledge the perilous state of the planet but ask "What can we do?"

In order to define solutions, we first have to look beyond the immediate issues of jobs, profit and the economy to identify the cause of the ecocrisis. Then we can begin to search for ways to protect the environment while maintaining employment and a quality of life. A modest book, *Turtle Talk: Voices for a Sustainable Future* (New Society Publications, Box 99, Lillooet, B.C., V0K 1V0) is an excellent starting point.

Turtle Talk takes its title from Turtle Island, the Souix name for North America. The book is a collection of interviews with 13 people who range from a poet to ecofeminists, historians and native people. Their ideas are set in a framework of "bioregionalism" which regards the biological distribution of organisms as far more meaningful than areas defined by human jurisdiction.

Bioregionalists see human beings as a part of the ecological landscape and search for ways to live in harmony within the productive capacity of a watershed, island, forest or even urban environment.

The book is filled with nuggets of insight, ideas and important perspectives on what has gone wrong and how to change. No suggestion more daring than poet Gary Snyder's simple proposal: "Don't move!" In those two words, Snyder captures the essence of the North American dilemma — our rootlessness. We constantly pick up and move without building a stake in the long term future of a place.

Snyder believes when "People say 'I'm going to stay here and you can count on me being here 20 years from now' what that immediately does is make a politically empowered community possible." And with that commitment to ecological place, one's perspective lengthens: "I am not here to talk about a 20-year logging plan. I'm here to talk about a 500-year logging plan."

Industrialized countries assume their right to exploit natural resources as they wish in confidence that the environment can be moulded as desired.

Reflections

by David Suzuki

Ecofeminists give a very different perspective. Thus to author Susan Griffin: "this culture has a very problematic and alienated relationship with nature in which we basically post the illusion that we can control nature." She offers the provocative suggestion that Eve's fall from grace introduced death into the world so that "it's nature that has mortality, that has movement, that has life-cycles embedded into it. And it's that cyclical, natural process over which we do not have control that this culture has tried to remain in control of and tried to dominate. So if you can dominate a woman, you can in a sense believe that you're not going to die."

As an alternative to male-dominated, competitive hierarchies, ecofeminist Starhawk says "there are structures and institutions where the inherent value of each individual or thing is central, where everything is valued for what it is, in and of itself, not in its relationship to some eternal factor like profitability. That's a spiritual value ... if the world itself is sacred and we are each a sacred part of that, then we each have a value that goes behind what can be measured and what can be counted ... the world is not entirely knowable and controllable and measurable." When

we accept sanctity and impenetrable mystery as part of nature, it changes the way we behave profoundly.

Murray Bookchin reflects on the historical context of the ecological crisis: "we have emerged out of a very co-operative type of society in which men and women complemented each other, in which people lived in small communities co-operatively, doing little or no damage to the world and if they did any damage, it was of only a local kind. We have developed a hierarchical world which didn't exist originally." According to Bookchin, this new order is preoccupied with domination of old over young, men over women and men over men and he sees the escape from this system through "love for all forms of life, a feeling of responsibility ... a sense of our place in the natural world".

Transformation of a competitive, growth-demanding society, Bookchin believes, begins by empowering people at the local level: "make people politically conscious of the fact that they can take over their city council ... they can change their charters ... we must establish neighbourhood assemblies, link up all the town meetings in a given county and let the county unit be the confederal basis for that area's communities."

A sustainable society and future is the goal of environmentalists. What that society will look like is not at all clear, but *Turtle Talk* makes an important start in trying to define the problems so that we can see the direction to take for solutions.

Loose dogs threaten deer populations, MNR warns

The Ministry of Natural Resources, Minden District, would again like to stress to dog owners the importance of maintaining control of their pets.

Deep snow conditions in much of the District this year restricts deer movements, and combined with the cold weather, make it a very demanding time of year for the deer.

Domestic dogs, which often travel in groups, take this opportunity to roam and participate in the thrill of a deer chase, which often results in the death of the deer through injury or exhaustion.

Deer are in their best physical condition before

they enter winter as a result of unlimited food supplies. During the winter months, the food resource is reduced, resulting in a gradual decline in the animal's condition.

During the winter months, the deer is the most vulnerable to harassment. As well as receiving leg injuries from crusting snow conditions, a prolonged chase results in high energy consumption for deer already under the stress of winter. This can result in the death of the deer even without being attacked. The females are extremely sensitive to unnecessary exertion and the added stress of pursuit can lead to aborted fawns.

During the critical period for deer, the Ministry of Natural Resources ask the cooperation of all dog owners in protecting the deer herds by not allowing

their pets to roam unattended. The Game and Fish Act allows a Conservation Officer to destroy any dog found running deer and provides a penalty to a

maximum of (\$25,000) twenty five thousand dollars for the owners of a dog found running at large during the closed season for deer or chasing deer.

The public can also assist by reporting any dogs observed chasing deer by contacting the Minden District Office of the Ministry of Natural Resources

Sewing Circle discontinued after 30 years

On Tuesday, several members of the North Road Sewing Circle met for lunch at Eleanor Bunker's home to decide on the future of our group. It was with some sadness and regret that we decided to discontinue. But the ladies were also elated with the amount of work they had accomplished.

The Sewing Circle was originally started in 1957

by Mrs. Amos Brubacher. In 1980, when the Brubachers moved from Minden, Eleanor Bunker was asked to take over. She thought she was to record the minutes but found out differently when Luella brought her boxes of quilt patches. Since then the group has made over 50 quilts of all sizes--selling some and donating others. We recycl-

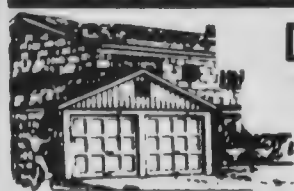

ed before it became popular using material scraps of others. Many times we had to take up a collection to buy linings, batts and thread. All the money and quilts have been donated to a needy cause such as local fire victims, mission workers, our Minden Hospital, Hyland Crest Bus Fund, Stanhope Jaws for Life, Christmas baskets for

shut-ins at home, Gideons, M.C.C., Cancer and World Vision. The ladies have enjoyed fellowship and friendship over the years and hope we have fulfilled Luella's dreams of "Doing Unto Others".

Love and best wishes were also expressed to our member Siiri Mielonen on her special birthday on January 27.

Program provides students with related work experience

The Federal Government has once again launched the student Career Oriented Summer Employment Program (COSEP) for 1991, on behalf of the Public Service Commission of Canada.

COSEP is a program administered by Employment and Immigration Canada, whereby departments of the Federal Government offer post-secondary students an opportunity to obtain summer employment in positions related to their studies. It is an opportunity for students to acquire working experience in their

Report from Ottawa

With Bill Scott, MP

chosen academic field. This national program, operating in every province and territory, will again assist young Canadians in acquiring valuable career-oriented training within the federal public service.

Application forms are now available to the public. Students wishing to apply should report to a Canada Employment Centre on Campus at a post-secondary institution or at the placement office of an institution

where EIC is not represented. The deadline for applying is February 28, 1991.

To be eligible for the program, candidates must be full-time registered students at a university, community college, CEGEP or technical institute and must be planning to return to school as full-time students in the next academic year.

Completing an application form does not guaran-

tee employment, but does add the student's name to an inventory of approximately 50,000 applicants

across Canada. Each year there are about 5,000 job vacancies identified by various departments and/or

agencies, which are filled by screening and referring applicants from the established COSEP inventory.

Dorset acid rain report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

This report covers the period of January 20 to January 26.

January 22, 4 cm snow,

4.5 pH, from Southern Ontario and Southern Michigan.

January 23, 6 cm snow, 4.5 pH, from Southern Ontario and Michigan.

January 25, 1 cm snow, 4.4 pH, from Lake Huron and Northern Michigan.

January 26, 3 cm snow,

4.2 pH, from Southern Michigan.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Kids' Korner

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

WHERE EVERYONE IS SOMEONE AND
JESUS CHRIST IS LORD!

GULF CRISIS!

These words strike thoughts of concern in our hearts...but there are many other crises as well...spiritual, emotional, family, marriage, community, national, etc.

WHAT IS THE ANSWER?

WHAT DOES THE BIBLE SAY?

Why not join us at Minden Bible Church as we look into these questions?

VICK INSURANCE (1988) LTD.

Notes from Staannworth Court

*May the Peace
that only He gives
Be with us all
in the days that lie
ahead — 1991.*
* * *

Our Residents' Social Club had a very successful meeting on January 9 with Vice President Lillian Davidson presiding. A Pot Luck supper was discussed, along with general business. Area 5 shop, General Lee's and our residents were contacted, in that order, if necessary to prepare this meal.

It was also noted that cars are not allowed to park in front of the front entrance, as ambulances are not able to get close enough to the entrances if necessary.

A very delicious hot supper was served to us recently by the proprietors of Area 5 shop. It consisted of roast beef, gravy and vegetables, followed by a beautifully decorated birth-

day cake for those residents with birthdays in December and January. We thank those folks most sincerely and trust we shall call on you again soon.

Our evening was treated to a very family-oriented film by Universal Studios named "Dad".

May this day begin a year of happy memories and wonderful moments for those of our residents who had birthdays in December and January. December - Mel F., Vivian A., Mabel T., Margaret H., and in January - Henry H., Fern D., Dolly A., Norma D., Siiri M. and Ernie A.

Thank you to Mel and Doris for the lovely film "Forever". It depicts the true emotions of a little girl as she carefully tends a hurting reindeer she named Prancer, in readiness for his Christmas calls on other children so very soon.

A very deeply felt shock was witnessed by our folks at S. Court on hearing of the sudden death of Bill Donnelly while he was curling in Peterborough. Bill was a very kind and personable gentleman and will be missed by us all. Our deepest sympathy goes out to his loving wife Fern and her family.

Word has just been received of the death of a former resident, Ivy Angliss, of Grand Falls, New Brunswick. Ivy made many friends here and our sincere sympathy goes to her family.

Congratulations are in order to Sylvia Howard who was recognized by the Lions Club of Oakville for her generous donation to the Canine Vision Canada Organization. This group is dedicated to helping the blind live a more meaningful and independent life through the use of a seeing dog guide. Sylvia is the recipient of a lovely plaque in appreciation and which bears the inscription: "They shall not walk alone."

A very interesting and explanatory write-up appeared in *The Times* January

7, 1991 by Susan Grober, concerning the very worthy project, CVC.

Much appreciation goes out to Art M. for clearing the snow from the cars; and to Hector A. for keeping our sidewalks cleared.

A few months ago Clem Shuttle had a call from the District Sheriff to inspect his farm. Clem had a very large farm of sugarcane, corn, cattle and a prize bull. After wielding his card to show his authority in front of Clem a few times, Clem said, "Go ahead", and went back into the barn. Soon he heard cries of "Help me! Help me!" Clem hurried to the door and there was the Sheriff on his third run past the door with the prize bull close by. "Help me, Clem. Help!" As he came near, Clem shouted, "Show him your card!", and went back to work.

(J. Wilson), TV

As the clouds of war appear on our horizon, let us remember Peace comes to those willing to defend it.

—Churchill

M.H.

January Weather

by Phil Graham

	C	F
Average high	-4.7	23.5
Average low	-14.9	5.1
Average for the month	-9.8	14.3
Average for last Jan.	-4.4	24.0
Highest temperature Jan. 19	4.0	39.0
Lowest temperature Jan. 22	-33.0	27.4 B.
Rainfall	2.8 mm	0.1 in.
Snowfall	99 cm	40 in.
Total precipitation	101.8 mm	40.2 cm
Total precipitation for Jan./90	98.8 mm	3.8 in.
Snow on ground Jan. 31	48 cm	18.8 in.
Snow on ground Jan. 31/90	22 cm	8.6 in.
Total snowfall Nov. 1 - Jan. 31	180 cm	70.8 in.
Days with snow or rain	16	
Days mostly sunny	8	

This January has been more typical than we've had for several years. Lots of snow instead of rain, plus much colder. Example: Last January we had about the same total of precipitation as this January, but much more rain and milder temperatures. Still getting severe temperature variations.

CORPORATION OF THE TOWNSHIP OF STANHOPE

TOWNSHIP OF STANHOPE 1991 STUDENT EMPLOYMENT

The Township of Stanhope invites interested students to make application for summer employment in either of the following programs for the summer of 1991.

1. Day Camp Program.
2. Red Cross Swim Program.

Applications will be received until March 1, 1991.

Apply to:

Township of Stanhope,
R. R. #1,
Haliburton, Ontario.
K0M 1S0

For further information call: 489-2379.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owner a portion of the original allowance for road set out and described as follows:

FIRSTLY: ALL and singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Lutterworth, in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of the Gull River, lying in front of Part of Lot 4, Concession 14, and being more particularly described as Part 1 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-5050.

THE PROPOSED BY-LAW will come before the said Council for consideration at its Regular Meeting at the Municipal Office, located 3 miles south of Minden on Highway #35 on the 21st day of March, 1991, at the hour of 7:00 P.M. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

DATED at the Township of Lutterworth this 23rd day of January, 1991.

Mary Jane Irwin,
Clerk,
Township of Lutterworth,
P.O. Box 176,
Minden, Ontario
K0M 2K0

ANNUAL REPORT of THE MINDEN HOSPITAL BUILDING FUND

The Minden Hospital Building Fund was established by the Rotary Club of Minden in 1988 to provide a mechanism for those wishing to set aside funds for the replacement of the present Minden Hospital. All monies contributed to the fund are placed in a special account. The rules governing this account allow for the money to be withdrawn only to assist in the replacement of the present hospital.

The Rotary Club of Minden has agreed to underwrite the cost of operating this special fund and ensure ongoing management of the dollars entrusted to the fund. Seven trustees, four Rotarians and three members of the community have been appointed to over-see the management of this money.

An application has been made to Revenue Canada for a charitable registration number. Although approval has been given to the trust documents filed with Revenue Canada, confirmation has not yet been received establishing Minden Hospital as a qualified donor. This final approval is expected in the near future. At that time proper receipts and formalized procedures for the continuation of the fund will be in place.

Over the past year, a number of donations have been made to this fund, including many in memory of individuals who have died, by clubs, organizations and citizens at large. Since, at the moment there is no immediate plan for the replacement of the Minden Hospital, there is no active campaign to solicit funds. However, anyone wishing to make a donation to be used in the future for the construction of a new Minden Hospital, may do so to this fund and be assured the money will be held in trust until such time.

In establishing this fund, it was decided that an annual report should be made to the community on its status. The following report has been approved by the committee over-seeing the fund. Rotarians - Brian Adamson, President, Cec Rowe, Treasurer, Jack Brezina and Paul Heffer; and community representatives Dr. Steve Dawson, Gord Monk and Andy Poldas.

Questions regarding this fund should be directed to the address listed below. (Space for this announcement was donated by THE TIMES).

This report covers the period from January 1, 1990 to December 31, 1990.

Memorial donations to the fund have been made in the names of the following individuals: Margarete Fischer, Cliff Lacey, Stan Blears and Larry Thomas. Donations have been made by area clubs, organizations and the following individuals:

- Lioness Club of Minden	- G & M Ziorjen	- Nancy Moore
- Rotary Bingo Refreshment Fund	- The Times	- Mrs. D. Craig
- Marilyn White	- M & A Orpana	- L & M Boskett
- Nancy Gayton	- Paul O'Brien	- P & C Dollo and
- Stanhope Line Dancers	- Jim Codlin	- Ruth Gorrie

AMOUNT HELD IN TRUST

As of January 1, 1990, The Minden Hospital Building Fund included \$15,533.26. \$1,386.03 was earned as interest as of December 31, 1990. Total contributions as of December 31, 1990: \$1,210.66. Balance on deposit as of December 31, 1990: \$18,129.95. For more information about this report and the Minden Hospital Building Fund, write: Box 504, Minden, Ontario, K0M 2K0.

PERSONAL

Women's Safety Network

Are you being abused by your
husband or boyfriend? Does
he hit you, put you down or
force you to do things you do
not want to do? Counsellors
at the Women's Safety Net-
work can give you support
and ideas about how to deal
with your situation. Call 457-
3355 from 9 a.m. to 5 p.m. - all
other hours call 1-800-461-
7656. You do not have to be
alone.

You, Me & The GSTIt's Not All BAD!

Prior to Jan. 1, 1991, our Furniture and Appliance prices included a hefty built-in Federal Sales Tax. With the implementation of the G.S.T., the old, hidden tax has been dropped allowing us to **REDUCE OUR TAG PRICES**. Although our products are now subject to the G.S.T., your **TOTAL PURCHASE PRICE**, in most cases, will be **LESS THAN IT WAS IN 1990**.

Example: "STATUM DESIGN" - Colonial sofa & chair

1990	1991
was ...tagged at 1329.00	now ...tagged at 1179.00
plus Prov. Tax (8%) 106.32	plus G.S.T. (7%) 82.53
Total purchase price 1435.32	plus Prov. Tax (8%) 94.32
	Total purchase price 1355.85

Pay attention to the difference on the bottom lineAND THE BOTTOM LINE IS that our furniture and appliances become an even better investment than ever before.

CARD OF THANKS

A special thank you to all our
wonderful friends who have
so warmly supported us through-
out Ian's lengthy illness and
whose friendship and gifts of
flowers and food have been so
gratefully received. Also to
Ann Barker and Becky Durkin
who have been second Moms
to my children during these
difficult days. A note of
appreciation to Dr. Asbell and
Dr. Holliday-Rhodes and the
nursing staff at Minden Hos-
pital for their wonderful care
and support.

Thelda, Glenn,
Kimberley & Sara McGuire

Elsie and Rex Massey wish to
express their sincere thanks to
all the friends and neighbours
who helped make his retire-
ment and birthday party such
a memorable occasion. The
wonderful cards and gifts are
greatly appreciated. To all of
the friends we have met in
such a short time. You make
Haliburton a special place to
retire. Thank you.

LEARN, FRANCES (nee
CRAWFORD) - On Saturday,
January 12, 1991 at Minden,
Ontario. Frances Learn, in
her 66th year, beloved wife of
Walter (Pete) Learn of Minden,
dear mother of Roger and his
wife Marta of Welland, and
Carol of Minden, loving
grandmother of Robbin and
Peter Learn.

Funeral service for Mrs.
Frances E. Learn was held at
the Morse & Son Chapel of
the Morgan Funeral Homes
on Wednesday afternoon,
January 16, 1991 at 1 p.m.
with Mr. Allan Stephenson
officiating in Niagara Falls,
Ontario. Interment took place
at Lundy's Lane Cemetery.
As an expression of sympathy,
a memorial donation to the
Minden Hospital by those who
wish would be appreciated.

McGUIRE, IAN GORDON -
After a lengthy illness at the
Minden Hospital on Sunday,
January 27, 1991 in his 51st
year. Beloved husband of
Thelda (nee Weston), loving
father of Glenn, Kimberley
and Sara all of home. Dear
son of John and Joan McGuire
of Newmarket, dear brother
of Heather Burke and family,
Melanie and Mark Paines and
family. Sadly missed by
mother-in-law Thelda Weston
and sister-in-law Glenda Derry
and family.

Rest at the Gordon A. Monk
Funeral Home, Minden Mon-
day. Funeral Service in the
Chapel on Tuesday, January
29. Spring Interment Zion
United Church Cemetery,
Carnarvon.

Memorial donations to the
Canadian Cancer Society or
the Heart and Stroke Foun-
dation would be appreciated.
